The Missouri Pacific Peg Left in the Same Hole.

VANDERBILT ISSUES VERY STRONG

A Little Realizing i: the Villards-Stocks Generally Dull and Weak.

WALL STREET, TUESDAY, Feb. 3-6 P. M.

No use; [the public will not accept "the Little Wicard's" invitation to "buy, come buy." Too much brass band about the whole business, and 120 public knows that "the Little Wixard"

doesn't carry that along when he goes hunting. His Missouri Pacific "peg" was held fast in the 67 hole to-day, but apparently no effort was made to move it up. There was renewed evidence of realizing in the Villards, but not much stock was disposed of-too dull a market.

The Vanderbilts were the only strong feature. Lake Shore was advanced 11/4, to 1121/4, and inactive, spasmodic old Michigan Central was dealt into the extent of pearly 1,000 shares, with a resultant advance of 3% points, to 96.

ern Union and it gained a fraction in the early trade, the point being that effective work had been done in Washington and that the Postal bill would never come out of the committee room. However, he movement petered out, and, in common with the general list, the stock closed on a slight net

Silver bullion is up %, possibly on Mr. Bland's statement that an effort will be made to bring the measure before the House this week. Toward the close the market was heavy. Lake Shore lost nearly half of its earlier advance. Rock Island and Union Pacific were particularly weak and closed respectively % and 1% below last evening's prices.

Mr. Cammack was out with an interview declaring himself a bull because of easy money; but clung to his conviction that certain Western roads were busted. All in all, we had to-day only the flattest sort of a traders' market-nothing more. Sales at the Board amounted to 130,345 shares silver bullion certificates not included), against 198,680 yesterday and 58,024 on Saturday. lowing is a summary of to-day's market :-

The following were the closing quotations to-day of stocks in which there were no transactions:-In the London market American railway securi-

About \$7,000,000 will be taken here and \$3,000,000 abroad. The amount realized on the bonds will be about \$8,000,000. This company controls the terminals of the Wisconsin Central at Chicago and the proposed Calumet Belt Line at Chicago, and is in turn controlled by the Northern Pacific through the Wisconsin Central. Proceeds from the bonds, it is said, will be used to reimburse the Northern Pacific for advances.

A DROP IN WHEAT-CORN STEADY-HOG PROD-UCE GENERALLY LOWER.

BY TELEGRAPH TO THE HEBALD. CHICAGO, 111., Feb. S. 1691 .- Wheat took a drop to-day, after starting in well, and the sousion was a quiet one from the agitation caused by heavy individual trading. from the agitation caused by heavy individual trading. The tone of the market was easier. The temperature in Chicago was hugging zero rather closer than appeared safe for that portion of the crop of short wheat which remained in the hands hof light weight specialistry, and they proceeded to cuver it up from the cold May opened at \$10 in advanced ide, and then went to diligo, closing at an even \$1. Northwestorn receipts showed a remarkable failing off from their recent volume, and for the first time for a considerable period were lighter than on the corresponding day of the year before. The rains in California yesterday are said to have been light to that on the corresponding day of the year before. The rains in California yesterday are said to have been light and the general. The truth seems to be that the market had gone forward too rapidly.

The receipts of corn were smaller than vesterday's estimates, and only a small proportion was up to the contract quality. The opening price for May was 544, and a few small lots brought the more. The lowest point reached was 55%c, and it closed at 55%c, or at the same price as on the day before.

Te-day's receipts of hogs at the stock yards exceeded the estimate made yeaserday, and the stocks of provisions were also heavily in excess of general expectations, under which circumstance a weak market was a foregone conclusion. There was a fore of 10c, per barrel in pork at the opening, and in a few seconds lard and ribs showed a loss of 50. Pork started at \$10 12.4. Lard closed at \$605 and ribs at \$500 for the at \$10 224. Lard closed at \$605 and ribs at \$10 224. The tone of the market was easier. The temperature in \$10 18%, declined to \$10 0214 and closed at \$10 1214. Lard closed at \$6 05 and ribs at \$5 10.
